COMMISSION

1. Hardin County Water District No. 1 ("HCWD") provides water services to the residents of Hardin County, Kentucky and also provides water services to the Cities of Vine Grove, Hardinsburg and to the Meade County Water District;

2. HCWD has been recognized by the Public Service Commission (PSC) as a sewer utility. HCWD requests the Hardin County Judge Executive to enter an Order delineating that the current boundaries which the HCWD serves for water purposes shall likewise be the boundaries of HCWD for sewer purposes provided, however, that the District recognizes and understands that it will be not be providing sewer services to the City of Radcliff. Subject to that exception, the District requests that it be authorized to provide sewer services to its currently existing water district. The boundaries of the HCWD are identified in the attached Exhibit #1.

3. Furthermore, by virtue of a contract entered into between Hardin County Water District No. 1 and the Department of Defense, Hardin County Water District No. 1 has been authorized to provide sewer services on the Fort Knox military installation. For that reason, the District requests that the attached Order be entered authorizing it to serve that portion of Hardin County lying within the confines of the Fort Knox military installation and located within the geographical boundaries of Hardin County, Kentucky. See attached Exhibit #2

Re: Hardin County Water District #1 Expansion of Sewer Services

Dear Judge Berry:

Please find enclosed a Petition filed by Jim Bruce, General Manager of the Hardin County Water District #1 requesting two things. First, the HCWD requests that you enter an Order creating boundaries for the District to provide sewer services to the residents of Hardin County, Kentucky. Secondly, the District has been authorized to provide sewer services on the Fort Knox Military installation and therefore the District requests that you enter an Order authorizing it to expand its boundaries to encompass that portion of the military installation lying in Hardin County which it will be serving.

Enclosed herewith you will find letters from two residents of Hardin County, Kentucky, a Petition to Expand the Territorial limits as described, and a proposed Order. Notice of this request will be published in the News Enterprise in accordance with KRS 74.110 and 74.115.

Your attention to this matter is certainly appreciated.

Sincerely,
